Attorney's Docket No.: 07844-499001 / P463

to disclose this limitation, claims 9, 16, 18, 20-21, 29, 36, 38 and 40-41 are patentable over the McCormack, Pearce, or Deering references, whether taken alone or in any combination, for at least this reason.

Response to Objections to Claims 14, 17, 19, 34, 37, and 39

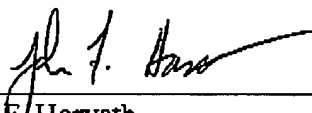

The Examiner has objected to claims 14, 17, 19, 34, 37 and 39 as dependent upon rejected base claims, but has found that the claims would be allowable if rewritten in independent form to include all of the limitations of the rejected base claim and any intervening claims on which they depend.

The applicant has rewritten claims 34, 37 and 39 in independent form, and submits that these claims are now in condition for allowance. While the applicant has not rewritten claims 14, 17 and 19 in independent form, the applicant notes that these claims respectively depend from claims 13, 16 and 18, all of which depend from claim 9. Thus, the applicant submits that claims 14, 17 and 19 are patentable over any of the references cited by the Examiner for the reasons noted above with respect to claims 9, 13, 16 and 18.

Please debit deposit account 06-1050 in the amount of \$600 for the excess claim fees, and apply any other applicable charges or credits to the account.

Respectfully submitted,

Date: 5/25/05
